

## **Amendment 3A (To motion: End the Violence in Israel and the Occupied Palestinian Territories, Support Palestinian Rights, Oppose Antisemitism, Islamophobia and all Racism; and Protect Academic Freedom and Freedom of Expression and Oppose all Racism)**

Change the last sentence in Believes 5 so the whole clause reads (the change is in *italics*):

"It is unacceptable to equate all Jewish people with the Government of Israel or the State of Israel, state, and it is unacceptable to equate all Palestinian people with Hamas. Members should be able to express support for Palestinian people and Palestine as well as Israeli people and Israel, and everyone must be free to criticize governments around the world. *In this case, it is important to recognise that while not all criticisms of the Israeli government are antisemitic, certain types of criticism are. This must be addressed through discussion and education within the union.*"
